The Power to Surprise

The Power to Surprise

# Connecting Hub

## Start of Connecting Start

Carnival has evolved beyond driving into a space connecting everyday life. Latest functions in Carnival fulfilled the dream of connecting hub. Ergonomically efficient seats designed to provide best experience for resting or working on the move, and detailed convenience functions offer the optimum space for all.

Start of connecting life that considers your everyday,

THIS IS CARNIVAL

## Design with Magnificent Volume, Approaching with Fierce Look

We expressed fierceness that's nowhere to be found. Inspired by the balanced stage performance of an orchestra, its radiator grille gives away three-dimensional and sophisticated feeling; its head lamps, an embodiment of musical rhythm give a progressive impression with its maximized beauty of dynamics. Also, its side character line adds energy to the speed while chrome garnish mesmerizes you at first glance.

## Future-oriented interior, Adding **PREMIUM** to your daily life

Motivated by the spaceship, Carnival achieved wide vision and future-oriented look with simple design yet cutting edge technology. **12.3-inch cluster** and **12.3-inch UVO** navigation consolidated into one panoramic display is simple, offers hi-tech vibe and always gives the right information. Designed to surround the driver so you and the car can be connected into one.

# Infotainment System, Captures New Everyday Life

## Easier Connection

Other than simply finding ways, Carnival's navigation has the function of "Share My Location" to your navigation as well as other's smartphone. The car will share it automatically so your driving is not bothered at all.

## Comfort with Sophistication

You are not limited to features like listening to music and finding ways with your 12.3-inch UVO navigation. You can provide the optimum comfort for your children and elderly on the 2nd-row **POWER RECLINING SEATS**, who may not be so used to its usage.

## Make it come true

"Turn on the aircon", "Close the window" etc., can only the driver make this command? Now, even the passengers at the back can communicate with your car. **REAR VOICE RECOGNITION\*** service utilizes KAKAO's AI platform called Kakao i, allowing the passengers to make it come true.

\*For effective use, UVO registration is required

# Smart Performance Adding Joy to the Ride

## Perfection to the details

Have you ever flashed your way out to the dart street with your cellphone? Carnival sliding door automatically lights your step with **Hop on/off Spot Lamp\*** onto the road for the safety of the passengers.

This feature may apply differently depending on the variant, model, engine and selected features. / \*Virtual image is used to help the understanding.

## Quiet and Smooth Automation

When you are carrying a child or assisting an elderly, you wish the door would open automatically for you. **SMART POWER SLIDING DOOR\*** will convert your car into the perfect family car by opening the door quiet and smooth when you approach the car with the smart key in your pocket.

## Hands Free

It's so bothersome to close the tailgate when your hands are full of stuff already. That's when **SMART POWER TAILGATE AUTOMATIC CLOSING FUNCTION\*** comes so handy. It closes itself without clicking any buttons when you are away from it.

# Comfy Space, The Longer Your Stay The Better

## Optimum Position with One Touch

There is a stereotypical thinking that passenger seats are inconvenient. Carnival solves it with [2nd-row Premium Relaxtion Seat](#). Just a touch of a button, it gives you the optimum position for your rest, adjusting the seat back and cushion angle to increase comfort while reducing fatigue.

This feature may apply differently depending on the variant, model, engine and selected features.

## Pleasant for All Passengers

Our concern for the quality of air we breathe inside the vehicle has increased as air pollution has become a part of our daily lives. Carnival circulates the air with dual filter system with [REAR COMPLIMENTARY AIRCON FILTER\\*](#). Every passenger can enjoy the driving however long you stay in it.

## Simpler and Cozier

Don't you find different stuff at the back seats? Carnival's [EXTENDABLE CENTER CONSOLE\\*](#) can accommodate toys or documents with big volume of space. The tray on top allows multiple use of it.

## Dual Sunroof/Ambient Light/KRELL Premium Sound

On a raining day, feel the scenery through the **DUAL SUNROOF** inside your car. **AMBIENT LIGHT** adds more romance to the scene and **KRELL PREMIUM SOUND**, American high-end power amp maker, completes the special sentiments.

## USB Ports 2nd/3rd Row (for charging)

No need to hand your cellphone to the driver to charge. We provided USB charging ports on 2nd and 3rd row so every passenger can use their mobile devices worry-free.

Rear Infotainment System (NOT AVAILBLE)

## 3rd Row 6:4 Sinking Seat (7 Seater)

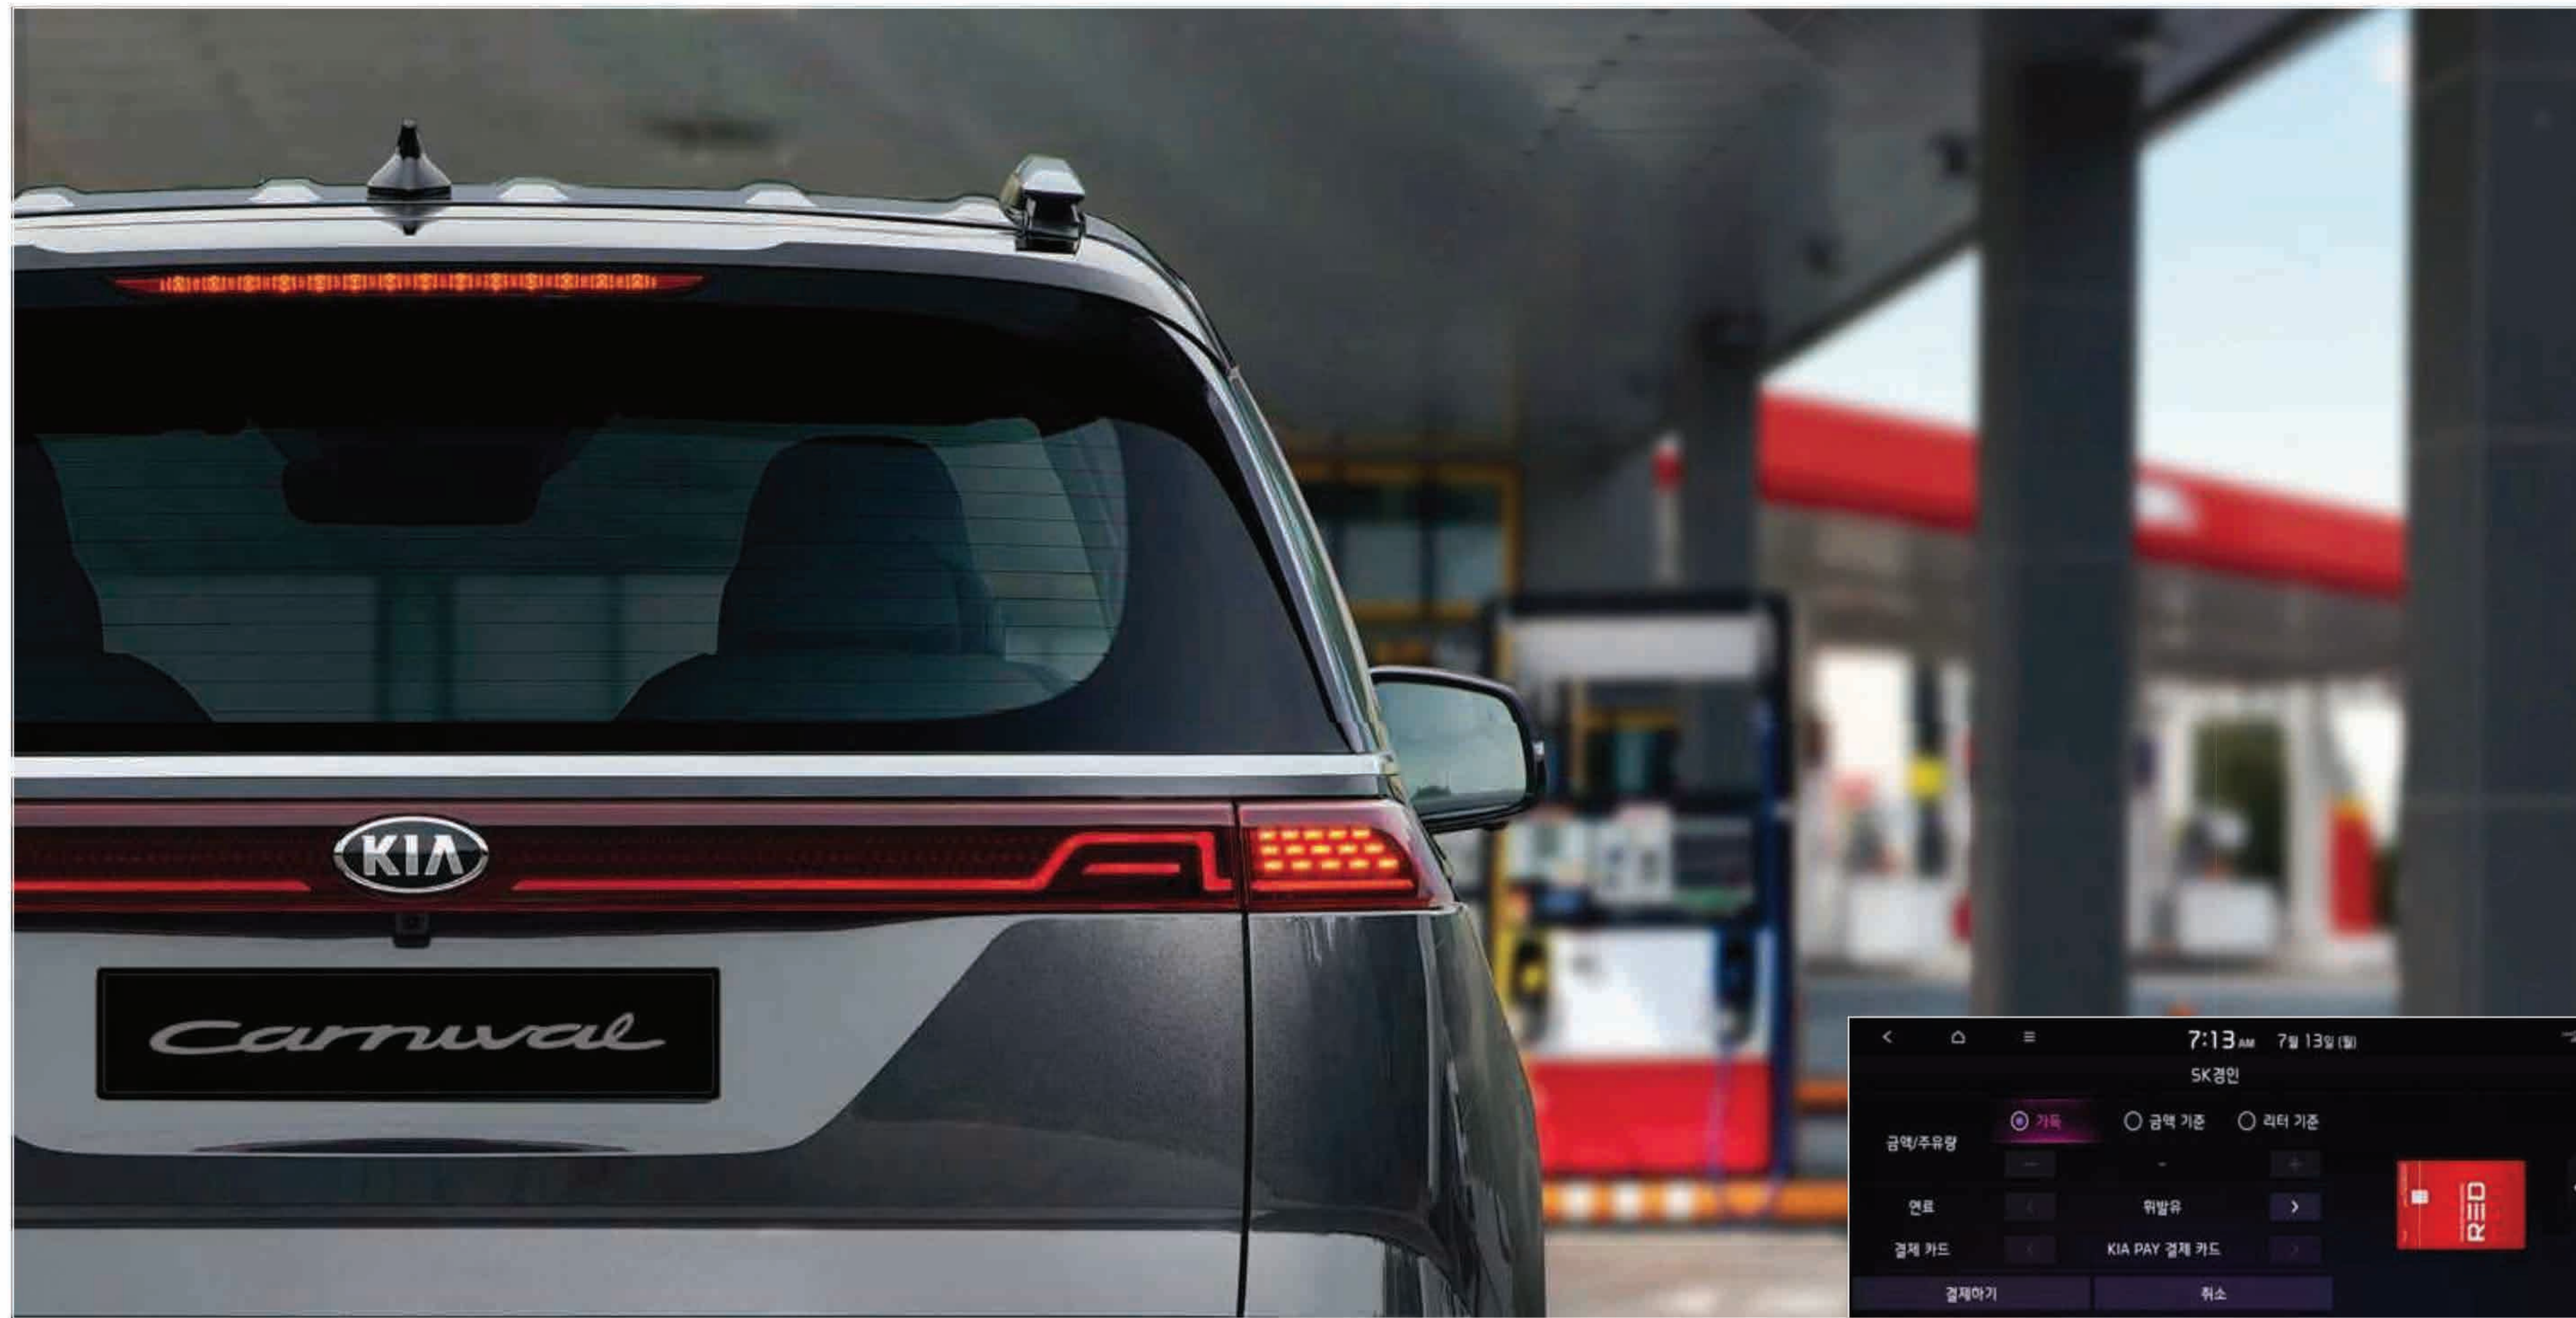

Many passengers and loads of goods, but don't worry. 3rd ROW 6:4 SINKING SEAT gives you enough space for you to load your stroller even without folding it. You can choose to sink left or right or both seats according to your needs.

## 3rd Row Cushion Tip-up & Sliding Seat\* (9 Seater)

If your cargo space is not enough with the 4th row sinking seat, use 3rd row cushion tip-up and sliding function. Pull the strap to raise the 3rd row seat cushion and push the seat forward to give yourself more space to use.

This feature may apply differently depending on the variant, model, engine and selected features.

### KIA Pay (NOT AVAILABLE IN THE PHILIPPINES)

Don't worry at the parking lot or gas station even if you left your wallet. KIA PAY will take care of the transactions for your convenience. No need to take out card or step out of your car. You can check the amount on your headunit and pay at a click.

This feature may apply differently depending on the variant, model, engine and selected features. / \*Virtual image is used to help the understanding.

### KIA Digital Key (NOT AVAILABLE IN THE PHILIPPINES)

How convenient it would be to open the door and start the car without key. You can do it with Carnival because you have KIA digital key in your smartphone with NFC functions.

### Home IOT System (Car-to-Home) (NOT AVAILABLE IN THE PHILIPPINES)

You can control the lights, room temperature of your house with voice command or simple touch inside your car. You can call it a system of the hyper-connection generation that makes our lives convenient.

### Built-in Camera

The built-in high-resolution camera records the front and rear view of your driving and you can easily send the video clips to your smartphone using the application.  On release, the continuous record setting is by default off. You need to adjust the setting.

### Electronic Transmission Dial (SBW) / Smart Key

Electronic transmission dial is so easy to control that it allows you more stable drive and increased the efficiency of the center console area. Designed for the maximum comfort of its operation, smart key allows you to start the engine and opens the smart power sliding door for you.

## Rear Passenger Alarm (NOT AVAILABLE IN THE PHILIPPINES)

REAR PASSENGER ALARM function warns you there is someone left behind. When you turn off your engine and open the door, warning will appear on the cluster. When you leave the car and lock the door, your car will alarm when movement is detected by the sensor. It will send a text message to your phone, so it protects your family's safety.

•You need to register UVO for smartphone text message function

### Safety Unload Assistance

If fast-approaching car is detected at the rear side, power sliding door will not open so as to prevent accidents.

•Applicable to the first opening

### Rear Side Monitor

When you turn on the signal light, live view of the rear side will appear on the digital cluster. The camera provides a wider view than the side mirror so it is very helpful.

## 7 Airbag System (+Driver Knee Airbag)\*

Safety is a fundamental element in car features for everyone. Airbag, among the others, is the biggest part that protects the safety of passengers in case of external impact.

Carnival has total of 7 AIRBAGS – driver, passenger, side airbag and curtain airbag – for the maximum protection.

This feature may apply differently depending on the variant, model, engine and selected features. / \*Virtual image is used to help the understanding.

## Front Collision Prevention Assistance

Front camera and front radar sensor will update the danger outside such as approaching car or person. Warning message and warning sound will give you an update, and if necessary the brake will automatically be triggered. Not only that, the car will automatically brake itself when the car detects impending danger of clash as you turn left or right.

This feature may apply differently depending on the variant, model, engine and selected features. / \*Virtual image is used to help the understanding.

## Rear Side Collision Prevention Assistance

A collision usually happens when you try to change the lane and there is a fast-approaching car behind. Rear Side Collision Prevention Assistance senses the motion on the blind spots and help you control. When you try to depart from a parallel parking position and the car detects a danger of collision with the approaching car, it will automatically put it to a halt.

## Express-way Drive Assistance

Everyone experiences go and stop on express ways due to traffic congestion. Express-way drive assistance reduces the fatigue by maintaining proper distance with the car in front of you and keep you in the car lane.

## Car Lane Assistance

When the car keeps you right in the center of the road while driving, it will reduce the pressure. It increases the driving comfort with the front camera identifying the car lanes and assists the steering of the car.

## Rear Intersection Collision Prevention Assistance

Everyone experiences go and stop on eAs you reverse out from the parking lot, you pull to a sudden stop due to a fast-approaching car. It alarms you when it detects any cars approaching from left or right. It even helps you control the brake system when there is a high possibility of collision.

# Engine Technology, Optimum Performance Realized

Smartstream 3.5 Gasoline			Smartstream 2.2 Diesel		
* 9 Seater			* 9 Seater
